... Please turn over

Reason(s) for Excision:

Two excisions are required to remove all of the sexual conduct from the second and third scenes in the feature. The manner in which the female participants are treated throughout these scenes, particularly by the cameraman/director, is highly degrading and dehumanising. The women also demean themselves by the manner in which they conduct themselves. As a result the publication as a whole degrades, dehumanises and demeans the female participants and women in general to a significant extent and degree, and represents, by implication, that women as a class are inferior to men.
